IMS Account Optimization

At Iconic Management Solutions, we redefine telecom optimization. Our approach uses custom tailored and non-standard options, ensuring your high-data users enjoy highly suitable tier usage plans, while cost-effective alternatives cater to lower data usage. No more generic plans leading to inflated costs – our strategy meticulously tailors your plans for optimal balance. Plus, gain access to a dedicated Business Specialist from IMS for comprehensive account assistance.

IMS Account Optimization

1 Strategic Expense Management:

We get authorized as an **admin/analyst** on your wireless account. We then leverage our expertise to secure custom and loyalty plans with reduced rates that ensure competitive pricing through contract negotiation. **You save money and we do all the work.**

2 Ongoing Cost Optimization & Renewed Loyalty Discounts:

We monitor your account daily to renew and negotiate loyalty discounts, allowing you to maximize your potential for savings and ensure benchmark costs are met.

3 Provisioning Support:

Streamline service changes and activations with our provisioning assistance.

4 Contract Compliance and Tailored Policies:

Safeguard your interests with ongoing contract adherence and customized policies that align with your industry or company's specific needs.

5 Inventory and Asset Management:

Gain visibility and accountability of inventory through efficient management of telecom assets.

6 Invoice Management:

Simplify complex billing across carriers, transforming invoices into streamlined workflows and actionable reports for effortless monthly management.

NOTE:

With Iconic Management Solutions, your telecom management becomes a strategic advantage. Experience unmatched savings, optimized operations, and empowered success, backed by the expertise of a dedicated Business Specialist for all your account needs.
